The Joseph Family | Ryan, Trisha, Deb, Jake, Iain, Elisa, Fiona

As another year draws to a close, we are grateful to reflect on the continued success we've experienced at Josephs Jewelers, thanks to your support and loyalty. Your satisfaction is at the heart of everything we do, and we remain committed to finding innovative ways to better serve you.

This year, we embraced new technology to further enhance our customer service, ensuring that each visit to our store is a memorable and seamless experience.

In addition, we proudly supported a variety of local charities, and we invite you to learn more about these important organizations at the back of our magazine. We also had the pleasure of visiting the Montana mines with our partners at Parlé Jewelry Designs. These journeys allow us to bring back unique and stunning gemstones to add to our collection, ensuring we continue to offer a wide range of extraordinary jewelry pieces, each with its own story and charm.

After more than 150 years, we are proud to say that the sixth generation of the Joseph family is continuing our business' legacy of excellence and dedication. Thank you for being a part of our Josephs Jewelers family. We look forward to serving you in the coming year and beyond.

In 2023, we launched the Josephs Love Story Giveaway – the chance for a Josephs Jewelers couple to share their unique love story and win a professional photo shoot as well as a \$2,000 credit to use towards wedding bands for the big day. After such a successful response during our inaugural year, we ran with it again in 2024.

All we can say is, “WOW!” The number of exceptional entries was overwhelming and made it nearly impossible to choose just one love story. So, we diplomatically pulled the winning couple out of a hat. As for the rest of the incredible submissions ... we are going to share their beautiful stories in upcoming blog posts and spread the love!

MADELINE AND COLIN

COLIN AND MADELINE WITH SCHAFFER'S BRIDAL

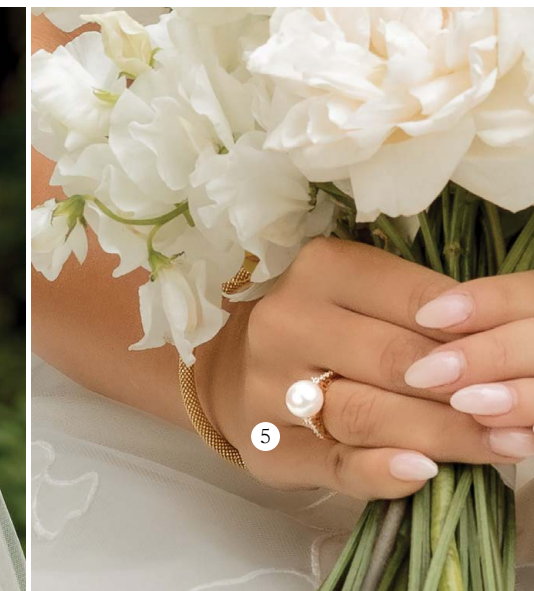

JOSEPHS LOVE STORY

Colin and Madeline's story began on Hinge, where their curiosity outweighed initial skepticism. Though new to online dating, their chats flowed effortlessly, leading to a first date that exceeded expectations. What started as a casual dinner downtown turned into a night of lively conversations, shared cocktails and an unexpected goodnight kiss. By midnight, Madeline realized she was experiencing a connection that felt both familiar and thrilling.

What they discovered was a series of near misses that suggested their lives had been intertwined long before they matched. They had shared time in the same dance studio, cheered from opposite sides at high school sports events and had overlapping circles of friends. It seemed fate had been quietly guiding them together all along.

Three years later, Colin surprised Madeline with a proposal in a scenic rose garden, presenting an engagement ring from Josephs Jewelers. The ring featured a family diamond passed down through generations, flanked by two pear-cut stones, symbolizing their intertwined past and bright future.

In a world where digital connections often spark meaningful relationships, Colin and Madeline found a love that transcended their virtual beginnings.

The trip also included memorable excursions, such as serene fly-fishing outings. These relaxing moments provided a delightful contrast to the technical sessions, allowing our team to unwind and connect in a beautiful natural setting. The blend of education and leisure made for a truly enriching experience.

Throughout the week, Trisha, Deb, Lisa and Jayla had the pleasure of engaging with other industry veterans. These interactions were both inspiring and beneficial,

fostering relationships that will enhance our approach to sourcing and presenting gemstones.

Parlé Gems also joined us in October for our Color Event, where their stunning collection of vibrant gemstones was showcased. This collaboration further highlighted our shared passion for exceptional jewelry and provided an opportunity for our customers to experience the beauty of these unique gems firsthand.

MONTANA MINING

PARLÉ GEMS

In August, our vice presidents, Trisha and Deb Joseph, along with our merchandise managers, Lisa Harlow and Jayla Cupp, embarked on an exciting week-long journey with Parlé Gems. This adventure was more than just a trip. It was an immersive experience into the world of gemstones and a unique opportunity to build lasting industry connections.

The week began with an in-depth exploration of gemstone mining. Our team visited active mining sites, gaining valuable insights into the intricate processes of uncovering these precious stones. This hands-on learning experience deepened their understanding of the origins and qualities of the gemstones that enhance our jewelry.

This collaboration with Parlé Gems has not only expanded our knowledge but also reinforced our dedication to offering exceptional jewelry. We look forward to sharing the insights and stories from this remarkable journey while continuing to bring you the finest pieces with a touch of adventure.

12 MONTHS OF GIVING

At Josephs, we firmly believe in giving back to the communities that have given so much to us. We continue to partner with local organizations in the metro to improve the health and happiness of families, animals and nature. Join us in celebrating 12 months of giving.

In October, we hosted a Color Event with special guest Parlé Gems. This event included food, drinks and giveaways as well as demonstrations and information from House of Colour Des Moines.

As we reflect on a successful year at Josephs Jewelers, we are deeply grateful for your support. Your trust in us has made this past year stellar, and your patronage inspires us to continue excelling in our products and services.

Speaking of service excellence, we are pleased to announce Kelly Boddicker's promotion to Sales Operations Supervisor. Since 2014, Kelly's dedication to exceptional customer service has been evident.
